

MCKESSON

McKesson Practice Choice™ for Medisoft®

McKesson Practice Choice™ for Medisoft® combines the practice management (PM) functionality you trust with the electronic medical record (EMR) system you need, delivering an integrated, easy-to-use solution that helps you streamline workflows and enhance patient interactions.

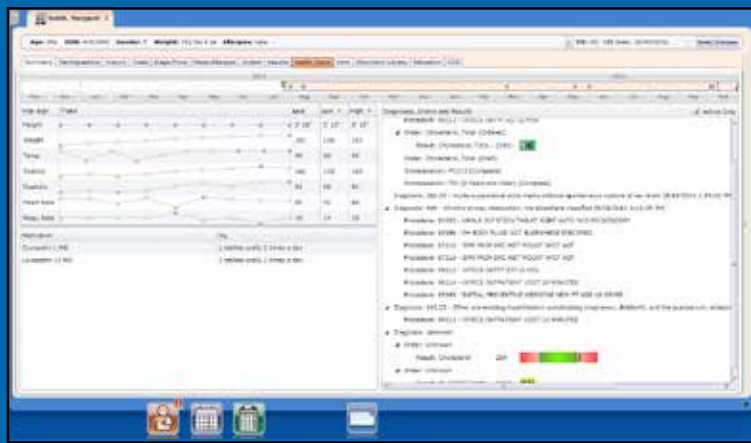

An EMR designed just for you

You want the flexibility of a Web-based EMR, but you don't want to give up the system you depend on to manage scheduling, billing and the revenue cycle. With McKesson Practice Choice for Medisoft, you don't have to. You get all the benefits of a cloud-based EMR system—including e-prescribing, a patient portal and lab integration—without having to switch from Medisoft's proven practice management capabilities. The result is a comprehensive, cost-effective EMR/PM solution that supports your efforts to become Meaningful Use-certified.

medisoft®

McKesson Practice Choice™ for Medisoft® offers:

EMR

Practice Management

Seamless integration

McKesson Practice Choice for Medisoft helps you automatically create a patient chart, an e-prescribing account and a patient portal account from your existing Medisoft database. Because it's McKesson, you don't have to manage two different vendor products or input data into two systems.

Intuitive navigation and fast data entry

At McKesson, we believe that if your practice isn't complex, your EMR shouldn't be complicated. That's why we've designed a system that's easy to use and easy to learn. With the click of a button, you can move to any window in the system and back without getting lost. You can also minimize keystrokes with quicktext and picklists.

Streamlined clinical encounters

You want to spend time interacting with your patients — not your EMR. With our Smart Note technology, data is pushed and pulled from the chart to the progress note, allowing you to immediately see critical information. Additionally, the progress notes can be customized so they reflect how you prefer to evaluate your patients.

MCKESSON

Complete practice management capabilities

When you select McKesson Practice Choice for Medisoft, you will receive an immediate upgrade to Medisoft Net Pro v18 and rights to all future upgrades of the Medisoft practice management software.*
